How MissionInsite Can Help You?

“Developing strategies that effectively carry out your missional calling is no easy task in today’s ever-changing world. Not only do you need quick and easy access to information that will provide a proper understanding of your surrounding community and the existing congregants within your mission area, you also need to understand how they relate to one another.

That’s where MissionInsite comes in!”

www.missioninsite.com has all the tools you need to conduct your own mission discovery and analysis in real-time. The founders of MissionInsite have been providing helpful mission planning resources to churches across the US for over 20 years.

Discover the Power of Customized, Interactive Mission Context Analysis.

Included in the list of services are:

- Community Demographic Studies for any community in the US by whatever geography you choose – radii, zip codes, counties, states or custom polygons
- Unlimited ability to study the demographic dynamics of your community
- Ability to perform congregant plotting, allowing your church to upload its congregants and plot them on a map and do other analysis
- Access to new mover names and addresses through MissionInsite’s partnership with Reaching America
- SEPA Synod has negotiated a Synodical Agency Agreement that will enable all churches in the synod to free access and use of the MissionInsite services.
