SEKUCo – The College of our Companion Synod the North-East Diocese in Tanzania, opened in October 2007, and now has an enrollment of over 400 students. Special Needs Education is the primary course of study.

The curricula has now expanded to include Business, Law and Eco-Tourism. They anticipate 600 students by October 2009.

Our Synod has approved a Synod-wide “SEKUCo Sunday” on October 4, 2009, so that we may learn more about this College and help support the expansion effort.
